Crafted Shape Design

New for Spring 2020

01

A collection of exclusive shapes, Dudson White is in keeping with the brand's heritage as expert craft potters. The designs feature a subtle irregular edge and hand-thrown embossment. Manufactured in Dudson's Finest Vitrified body, the collection has the industrial toughness to stand up to every day use in a professional kitchen.

Harvest

Handcrafted and authentic

New shapes and colour for Spring 2020

Harvest's genuine hand finished pieces reflect the 'farm-to-table' philosophy so popular in today's dining out culture. Every piece is individually glazed by hand leaving an original 'makers mark' on the reverse, highlighting the handcrafted nature. All pieces also feature a hand finished sponged rim, which naturally drips to create a unique piece. Individuality does not come at the expense of quality. Harvest products are made in England using the Dudson Finest Vitrified ceramic body.

From casual to fine dining restaurants and everything in between, Harvest's industrial toughness stands up to everyday use in a professional kitchen environment. Our third launch from the Harvest collection features the new Mustard colourway. New shapes featuring an organic edge and hand-thrown style embossment are in keeping with the original Harvest look. Continuing to build on the successful colours within Harvest, Spring 2020 brings additions to Blue and Green.

02

New colour for Spring 2020

Harvest Mustard

Harvest Mustard is a new colour addition to the collection. Rustic and warm, the colour is designed to combine with existing tones for an eclectic mix. A stylish addition to the range that also complements the other Harvest colours.

03

New shapes for Spring 2020

Harvest Natural & Linen

New in Harvest for Spring 2020 are organic shapes, exclusively designed for Dudson, the shapes feature a subtle, irregular edge that imitates the rusticity of handmade pottery. Available in hand dipped Linen and Natural glazes, with the distinctive hand finished Harvest edge band. The organic shapes are also available in plain white.

04

Harvest Ink & Grey

Ink sees the distinctive hand finished Harvest edge band given a fresh look with a vivid Blue colour. While Harvest Grey, finished with the signature rustic brown edge band, provides a neutral base for colourful ingredients. The free flowing Harvest band interacts with the glaze, creating individual tableware pieces.

05

New shapes for Spring 2020

Harvest Brown, Green & Blue

The hand decorated colours of Harvest mix and match together to create a look that is perfect for the 'farm-to table' philosophy. From the warm shade of Brown, to cooler tones of Blue and Green, the colours are designed to complement each other or work individually. This season additions to the Harvest collection includes large coupe plates in Blue and Green, ideal for sharing platters or pizzas.

Terrazzo

Decorative and Abstract

Terrazzo is inspired by the Italian decorative technique of combining fragments of marble and glass to create a speckled abstract pattern. Popular in the 1970's, the use of Terrazzo has made a comeback in the hospitality interiors of today.

The conceptual, fragmented pattern is available in Green and Blue, adding a splash of retro revival colour to any tabletop. A colourful range, Terrazzo heightens the presentation of casual food styles, from street food to sharing plates and gastro bars.

Reactive texture within the print produces a variance in effect and colour, so every piece retains individual character. Manufactured in the Dudson Finest Vitrified ceramic body, Terrazzo's industrial toughness stands up to everyday use in a professional kitchen environment.

06

Terrazzo Green & Blue

Inspired by the appearance of a traditional decorative technique that combines small fragments of mixed materials to create a decorative abstract pattern. Terrazzo Green & Blue are fresh, lively tones that complement the presentation of world foods and colourful ingredients.

Evo Origins

A simplistic reinvention

New colour for Spring 2020

Evo Origins is a range within the Evo collection. It has been designed to complement the original Dudson Evo range that is already established in the marketplace and popular with chefs worldwide. Made in England in the Dudson Finest Vitrified ceramic body, Evo Origins features a subtle textured decoration. Each piece is finished in an innovative semi-matte glaze.

Now available in three industrial colours that mimic tones found in the urban environment. New for Spring 2020 is Fawn White, a fresh design with varying neutral shades. Fawn White is designed to work alongside the existing Evo Origins colours Natural Grey and Midnight Black.

07

New colour for Spring 2020

Evo Origins Fawn White

Evo Origins' unlimited appeal lies in its ability to look at home in any surroundings, whatever the menu style. With the addition of food the collection immediately springs to life.

New to Spring 2020 is Fawn White, the third Origins colour, a fresh and neutral addition to the Origins range. Available on a range of plates and bowls and designed to work with Natural Grey and Midnight Black.

Supremely practical, Evo Origins is made in England and has the industrial toughness to stand up to everyday use in a professional kitchen.

08

Evo Origins Natural Grey & Midnight Black

Evo Origins Natural Grey is a subtle colour for all styles of food presentation. The textured decoration in a neutral grey stands alone or mixes with striking Midnight Black pieces, creating a complementary but bold look.

Individuality does not come at the expense of quality. All Evo Origins products are made in England using the Dudson Finest Vitrified ceramic body.

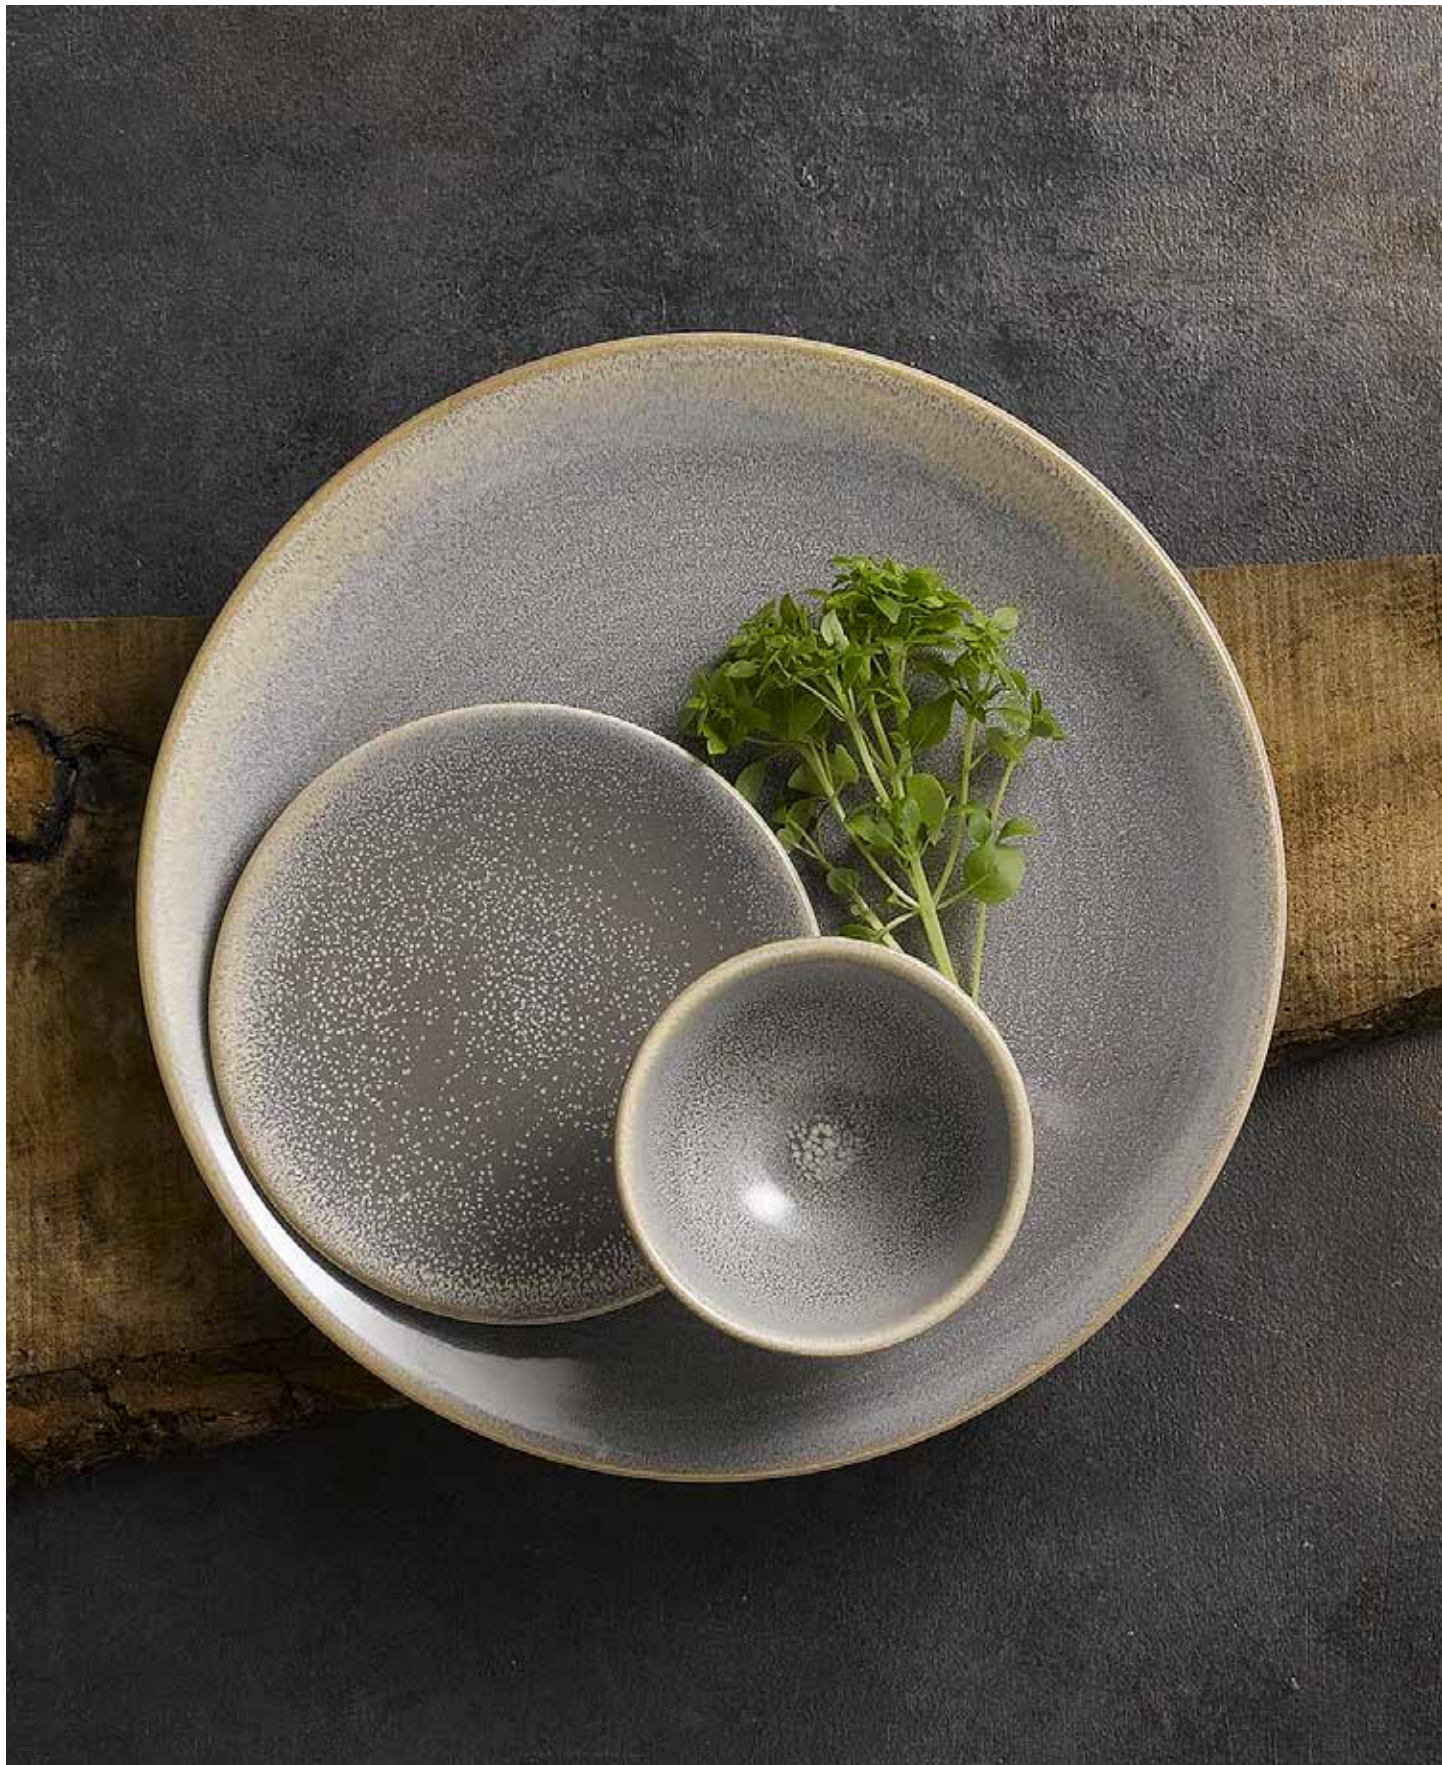

Evo

Character established by tradition

New shapes for Spring 2020

Evo has been designed with the appearance of hand-thrown pottery and its homely charm adds a touch of warmth to any tabletop. A replication of shape and aesthetics, Evo is available in three well established glaze colours, Granite, Jet and Pearl. The fully glazed pieces are hand dipped on Vitrified Stoneware and the reactive colours create variation, making each piece individual.

Handcrafted, Evo is supremely practical and whatever your particular service requirements, items can be mixed and matched to suit. New additions for Spring 2020 include a beverage collection and dip dishes in Pearl, Jet and Granite.

09

New Shapes for Spring 2020

Evo Granite

The character of Evo and the collections hand thrown look is enriched with the Granite reactive matte glaze. The glaze features multiple reactive colour tones, making each piece individual. A neutral base, Granite can adapt to all manner of food styles, from fine to casual dining.

10

New Shapes for Spring 2020

Evo Jet

Jet offers a dramatic tabletop solution, the matte glaze and stark black tone contrasts perfectly against the richness of chefs' food presentation. Featuring the hand-thrown embossment on well established shapes, Jet black is an essential, signature colour of the Evo collection.

11

New Shapes for Spring 2020

Evo Pearl

Subtle Evo Pearl in a matte glaze offers a minimal platform for displaying food without compromising on character. Featuring the signature Evo embossment, the shapes have a handcrafted feel. Pearl has a humble and homely charm, mixed with Jet and Granite, the three Evo colours create a natural tabletop combination.

Wood

Naturally Rustic

New for Spring 2020

12

Introducing wood serveware, exclusively designed to complement the ceramic portfolio. The acacia wood items feature a subtle surface texture to create a rustic effect. Food safe and specifically designed for the hospitality industry, Dudson Wood is also sustainable and comes from a 100% renewable source.

Terrazzo | White

HANDCRAFTED COLLECTION
A handcrafted collection, each piece is individual. Every piece is individually glazed by hand leaving an original 'makers mark', highlighting the handcrafted nature.

INDIVIDUALITY THROUGH PRINT
Printing creates individuality within each piece, as the light and dark colour tones may vary. Reactive prints create an individual texture and colour. Printed underglaze to create a protective layer for lasting durability and improved performance during service use.

EDGE CHIP WARRANTY
Selected items are covered by a 5 year edge chip warranty. They are identified by this ★ symbol. Terms and conditions apply.

DURABILITY
All Dudson ceramics have a fully vitrified body which creates a 'closed' structure. The result of this is a very strong and durable product. Conforms to the British Standard BS 4034

FULLY GLAZED BASE
Pin firing process. Fully glazed foot prevents scratching when product is stacked.

STACKABLE
Engineered to stack = space saving in kitchens.

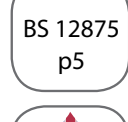

MICROWAVE SAFE

DISHWASHER SAFE
We use the toughest glazes in the business, so products withstand the harsh conditions of a professional kitchen. Conforms to the British Standard BS 12875 p5

BRITISH STANDARDS
Dudson products meet the quality standards laid down by the British Standards Institute.

- BS 4034 Vitrified Hotelware
- BS 12875 p5 Dishwasher Resistance

MADE IN ENGLAND
Using the Dudson Finest Vitrified ceramic body.
